

**Amber warning
Thunderstorm**

Between
19:23 Mon 12 Jun 2023 and
22:00 Mon 12 Jun 2023

Thunderstorms continue slowly towards the northwest, and are likely to bring surface water flooding, impacting property and travel.

What to expect

- Flooding of homes and businesses is likely and could happen quickly, with damage to some buildings from floodwater, lightning strikes, hail or strong winds
- Where flooding or lightning strikes occur, delays and some cancellations to train and bus services are likely
- Spray and sudden flooding probably leading to difficult driving conditions and some road closures
- Some communities likely to become temporarily cut off if roads flood
- Power cuts likely to occur and other services to some homes and businesses could be lost

Further details

Thunderstorms across the northwest Midlands to Greater Manchester will continue to move slowly towards the northwest. These storms could bring 30–40 mm in an hour or less, with isolated locations that see multiple storms potentially seeing 60 mm of rain in a few hours. Where such totals impact some areas, particularly more susceptible urban areas, surface water flooding is likely to impact property and travel. Area around Merseyside and northeast Wales saw significant rainfall on Saturday, perhaps slightly increasing the chance of impacts in this area.

✓ Medium likelihood of medium impacts
